Commuter Services is an outreach program of the I-494 Corridor Commission. Commuter Services goal is to reduce vehicle miles driven as a direct result of our staff assisting drive-alone commuters convert to a sustainable commute mode choice.

Purpose of the Title VI Program

The purpose of the I-494 Corridor Commission’s Title VI Program is to ensure that no person, on the grounds of race, color, or national origin, be excluded from participation in, be denied the benefits of, or be subjected to discrimination under any program or activity under the control of Commuter Services.

Commuter Services will ensure that members of the public within the Commuter Services outreach area are aware of the Title VI provisions, complaint procedures, language assistance and our commitment to upholding the responsibilities associated with Title VI of the Civil Rights Act of 1964.
Title VI Requirements

Title VI of the Civil Rights Act of 1964 prohibits discrimination on the basis of race, color or national origin in programs receiving federal financial assistance. Title VI states that “no person of the United States shall, on the grounds of race, color or national origin, be excluded from participation in, be denied the benefits of, or be subjected to discrimination under any program or activity receiving federal financial assistance.”

In 1994, President Bill Clinton issued Executive Order 12898, which states that each federal agency “shall make achieving environmental justice part of its mission by identifying and addressing disproportionate high and adverse human health or environmental effects of its programs, policies, and activities on minority populations and low-income populations.”

To that end, the Federal Transit Administration (FTA) issued Circular 4702.1B in 2012, which replaced Circular 4702.1A issued in 2007. This document outlines Title VI and Environmental Justice compliance procedures for recipients of FTA-administered transit program funds.

Specifically, FTA requires recipients, including the I-494 Corridor Commission and Commuter Services, to “document their compliance with DOT’s [United States Department of Transportation’s] Title VI regulations by submitting a Title VI Program to their FTA regional civil rights officer once every three years or as otherwise directed by the FTA. For all recipients, including subrecipients, the Title VI Program must be approved by the recipient’s board of directors or appropriate governing entity or official(s) responsible for policy decisions prior to submission to FTA”
**General Requirements**

- The Title VI Circular requires all recipients of FTA funding to meet a number of basic requirements. The requirements that are addressed include:
  - Prepare and submit a Title VI Program
  - Notify beneficiaries to protection under Title VI
  - Develop Title VI complaint procedures and complaint form
  - Record and report transit-related Title VI investigation, complaints and lawsuits
  - Promote inclusive public participation
  - Provide meaningful access to persons with limited English proficiency
  - Monitor and provide assistance to subrecipients
Title VI Public Notice, Grievance Procedure, and Complaint Form

The Title VI Circular provides the following direction regarding public notice of Title VI protections:

Title 49 CFR Section 21.9(d) requires recipients to provide information to the public regarding the recipient’s obligations under DOT’s Title VI regulations and apprise members of the public of the protections against discrimination afforded to them by Title VI. At a minimum, recipients shall disseminate this information to the public by posting a Title VI notice on the agency’s website and in public areas of the agency’s office, including the reception desk, meeting rooms, etc.

As the primary recipient, the Metropolitan Council and Metro Transit provide notice of Title VI protections through a variety of means on behalf of the I-494 Corridor Commission and Commuter Services.
